MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Amendment No. 6 to Contract No. KO-136
with [REDACTED], Project OXCART

1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 5.

2. Contract No. [REDACTED] covers feasibility studies and fabrication of breadboard models of components of an alternate camera system in connection with the OXCART Program. Amendment No. 6 provides for additional work under the contract; increases the estimated contract price; extends the expiration date to 31 October 1961; and incorporates final overhead rates into the contract for the period 28 December 1959 through 25 December 1960. Amendment No. 6 also incorporates reference to Revision No. 50 to ASPR Section XV into the contract effective 26 December 1960. Incorporation of the ASPR revision has been requested by the Contractor and is considered appropriate to the contract since the major portion of the contract work and funding has been authorized by Amendments issued subsequent to the effective mandatory date of Revision 50 to ASPR Section XV.

3. Contract No. [REDACTED] as follows:

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress, formerly 10(b) see 85-507 dtd 7/7/58 for each contract.

5. Concurrence in Amendment No. 6 to Contract No. [REDACTED] is recommended.
